Part (DZ): A fusion of social ability/problems a child and youth.

I am going to read a list of things children your age may do. Please listen to each sentence and think about yourself. Then, decide how often the sentence is true for you.

[Interviewer: show the child the visual aid “Child_How True ” and point out the options]. You can choose: Never, Rarely, Half of the time, Most of the time, or Always. I am not asking you what you think you should do; I want to know what you are really doing. For instance, if the sentence is ‘You tell the truth,’ and you hardly ever tell the truth, you would say ‘Rarely.’ Sometimes the question may not apply to you; for example, the question asks about school but you do not go to school. If the question does not apply, you can tell me that. Also, sometimes you may not have an answer, and it is okay to say that you do not know.
